Imagine having to sit in the dark on a cold night, wrapped in a blanket for warmth because you couldn't afford heating or power? Sadly, this is a reality for many Kiwi families living in poverty at the moment, as they struggle through a cold winter without even the basics to survive. As it gets colder, people use more electricity to keep warm—they turn on heaters and electric blankets, and take hot showers. For the thousands of Kiwi families existing in poverty and who are already struggling to make ends meet, winter is a time of stress and sacrifice—as power bills rise and their household budget collapses under the pressure. They are often forced to choose between providing food, warmth and shelter for their family, knowing the profound impact that going without even one of these things will have on their health and well-being. Please support this 'Lights On' Winter Appeal and help keep families safe, warm and sheltered this winter. It's only with your support that we can help those in crisis this winter—you can help keep the lights on for those in genuine need, keeping them warm, safe and sheltered.
