Ahoy All **Boaties!**

Everyone wears a lifejacket, even the skipper!

As a skipper, you must carry a correctly sized lifejacket for each

person on board. This is a legal requirement that

applies to all boats, including tenders and larger craft. Maritime rules

provide that it is the skipper's legal responsibility to ensurė that lifejackets are worn in situations of heightened risk, such as when

crossing a bar, in rough water, during an emergency, and by non-swimmers.

If they are not worn, lifejackets must be stored so that they are immediately available in case of an emergency.

C'mon Wairoa, let's play it safe on the water!
